

SARMED A. CHAUDHRY

(510) 329-0237 ♦ chaudhrysarmed@gmail.com ♦ Hayward, CA

Education

University of California San Diego
Bachelor of Science in Computer Science

Graduated: June 2017

Chabot Community College

August 2012 - June 2014

Relavant Courses

- Advanced Software Engineering
- Advanced Data Structures
- Server-Side Web Applications
- Database System Applications
- Web Client Languages
- Design and Analysis of Algorithms
- Principles of Computer Operating Systems
- HCI Design

Projects

“Social News Hub”

October 2017

Developed a web app that displays trending posts from some popular tech and social news sites all in one page

- Developed in Javascript with the React library
- Used axios to send an API request to each respective website to retrieve their top/popular posts

“Wiki Search”

September 2017

Developed a responsive web app that displays search result related links to wikipedia pages along with a basic description in a compact format

- Uses Wikipedia’s API to grab the JSON of the search results
- Implemented with HTML/CSS/JS

“Clean With Friends”

September 2016 – December 2016

Developed a web app to motivate roommates to clean their living spaces using gamifying methods

- Frameworks/Stack used: Node.js, MongoDB, Express, Handlebars
- Web app hosted on heroku and built on Javascript

“Solid”

August 2016

Designed a mobile app that allows university students to find small jobs provided by other students

- Used software such as Balsamiq, Figma, and Invision to build low and high fidelity prototypes.
- Gathered data on user needs through polling and in-person surveys

Technical Skills

- **Technologies/Languages:** Javascript, Java, C++, HTML, CSS, JQuery, JSON, Node.js, React, Swift
- **Tools and Services:** Git, Heroku, Firebase, Android Studio, Xcode, Visual Studio, AGILE
